## **For Immediate Release**

### **TFX FORMS BUSINESS ALIANCE WITH CARLSON ART LLC.**

Oxnard California, June 15, 2010 – Trans FX Inc (TFX) has announced that after several meetings, a partnership has been created with the newly formed Carlson Art LLC. This arrangement positions TFX as the primary design, fabrication and integration facility for Carlson Arts LLC projects.

“I am very excited about this arrangement because we have already realized many successes working with Peter Carlson and his experienced management team. Peter brings to the table opportunity to perform on a greater number of projects for world class artists and architects”, said Allen Pike, President and CEO. “I believe that together this alliance will allow both enterprises to significantly impact the Art and Architecture industry”.

#### **ABOUT TRANS FX INC. (TFX)**

Headquartered in Oxnard California, TFX is a creative fabrication company that specializes in big and complex projects serving a variety of industries. TFX employs advanced digital tools, skilled craftsmen, and a facility packed with capabilities. TFX has two distinct divisions under one roof, Aerospace Fabrication and Creative Fabrication.

#### **ABOUT CARLSON ART LLC**

Carlson Art LLC is complete project support organization servicing the art and architecture industry. Carlson Art provides design solutions and engineering for complex highly finished objects, site-specific fabrication and installations.
